Special Notice.

I employ no agents for these reasons:

First. It costs from thirty to fifty per cent. to deliver Nursery stock in this way.

Second. This expeuse has to be added.

Third. The purchaser has to pay it.

Fourth. I always give better satisfaction when I sell directly to the planter.

Fifth. I am enabled to sell you cheaper than any agent or tree peddler can as there expenses are saved to you.

Sixth. I can and will make it to the interest of all to come or send directly to me for trees without agency or *middleman*; and this makes it to my interest to give you *good stock* and have you *pleased* and become a *fast* customer, buying again and inducing your neighbors to do the same. All I ask is a fair trial, and satisfaction will be sure to follow. Errors always readily corrected. Address,
